

Woman's Clubs

Ladies' Literary Club.

A specially interesting programme was presented Friday at the Ladies' Literary club, the one paper of the afternoon being given by Mrs. William Igleheart. The subject chosen was "A Study of Kipling as a Reporter." The writer began by giving a brief and comprehensive sketch of the life of Kipling, touching especially on that period spent as a reporter. He was a native of India, the English soldier transplanted there, the native and the jungle. His work as a reporter of short stories was taken up, and as examples of some of his strongest stories "The Man Who Would Be King," "The Courtship of Dinah Shad," "The Smuggler," "The Bushwood Boy" were read.

The poetical side was next considered, and with interpretative comments some of the best examples of his lyrics were given. Among these were "Fuzzy Wuzzy," "Mandalay," "The Song of the English," "The Banjo," "The Recessional," "Macandalay," "Song" and "L'Envoi from 'The Seven Seas.'" The whole topic was replete with interest, and showed an acquaintance with the writings of the author and a notable understanding of his purposes.

The report of the club's delegate to the federation meeting in Ogden was given by Mrs. John Cowan, and the work of that organization gone over in detail. The next meeting of the club will be held Dec. 12 and the topic of the day will be given by Mrs. Woodward, "The Art That Could Be Ours Every Day."

The Cleofan.

Last Tuesday afternoon the Cleofan tried a new venture, "Reciprocity Day," suggested by the Federation of Woman's clubs, and the members felt satisfied that the innovation was a happy one. The Cleofan is indebted to Mrs. Joseph L. Rawlins and Mrs. Don Coray for the success of the occasion. Mrs. Rawlins read a delightful paper on "The Poet and His Poetry." The quotations selected were the finest gems of poetry. Mrs. Coray's subject was "The Kindergarten," and it was handled in a most entertaining way. Wit and cleverness sparkled throughout, yet the whole paper was a valuable plea for "kindergarten" rights. After the adjournment of the meeting the ladies served and a pleasant social time followed.

It was announced that the Cleofan would meet next with the Cleofan that was changed and it is to meet with Mrs. Julia Taylor, 305 First street.

The State Art Committee.

The work of the state art committee is progressing rapidly under the leadership of Mrs. A. C. Ewing, and it is hoped to secure pictures for a traveling art collection very shortly. Work has reached Mrs. Ewing from the art committee of the general federation that arrangements have been made with an important publishing house of Paris and New York to supply the clubs of the federation with photographs of pictures at a nominal rate and free of duty. This collection it is proposed to obtain, and the lecture to be given by Mrs. Rolo S. Farnsworth on the afternoon of Dec. 15 is to aid in the work of securing this and of extending the study of art in the schools throughout the state. The collection of worth comes with the most glowing tributes from the press of Ohio, where she is best known, and with many commendatory words from the colleges under whose patronage her lectures have been delivered. The art committee considers it its fortune in securing her services, and feels that the lecture, "The Drama—The Representative Art," is one which will appeal to a Salt Lake audience.

Utah State Council of Women.

Friday afternoon in the Exponent office the Utah State Council of Women held the regular meeting and appointed Mrs. Day of Mantle state organizer. It was decided to endeavor to double the membership before the meeting of

THE NATIONAL GUARD.

From present indications the band will give one of the dances of the season sometime next month. The proposition is being vigorously pushed by director Christensen and his little flock, and the affair already seems an assured success.

The indoor baseball team now has its full equipment and will commence formal practice this week. The diamond was laid out last Friday, the size of the drill hall allowing the full-sized field. The first game will probably be with the Y. M. C. A. next Saturday night.

The following order was received by the different company commanders last week: G. O. No. 41: A board of survey will convene in Salt Lake City at such time and place as may be designated by its presiding officer, to consider the application of the various commanding officers who may wish to be relieved of property responsibility on account of loss or destruction of same.

As it is nearing the time when it will be necessary for officers accountable for property to make their semi-annual return, it is urged that they ascertain immediately if there is any shortage in their supplies, and if so, they are directed to make a report to the inspection staff at their headquarters for a board of survey.

Officers who do not avail themselves of this opportunity to bring before the board evidence which would warrant their being acquitted of responsibility for missing property will understand that they will be held accountable for all such property.

Detail for board:
COLONEL H. M. LUND,
CAPTAIN SAM PORTER,
LIEUT. A. J. SKIDMORE.

The battery had an excellent turn out and an enthusiastic drill last Monday evening. Before being dismissed for the night the organization held a meeting at which committees were appointed and final arrangements completed for the dance tomorrow evening. The hop will be an invitation affair.

There seems to be a large amount of uncalculated "kicking" at present in the ranks of the High school cadets. The trouble is that the appointments are being made on the merits of the men alone, and as a result the National guardsmen who attend High school are being given the desired position on account of having had more experience at drill.

The resignation of Captain Denn is traveling through "channels" back to its author, and while being signed, the endorsement strongly favors the withdrawal of the application.

Troop A was inspected last Wednesday evening by Colonel H. M. Lund. The organization acquitted itself excellently and was complimented by the inspector upon its neat appearance.

Colonel Sam C. Park is of late somewhat conspicuous for his absence at guard quarters.

The signal corps will undoubtedly have its full quota of "days off" during the present year, as all the approaching

the National Suffrage association in March next. The meeting will be held in New Orleans. Mrs. Alice F. Steel of American Fork was elected historian of the council, and it was decided to favor a symposium at the annual meeting rather than a series of reports from the various councils.

Home and Education.

The home and education section of the Ladies' Literary club decided at its last meeting to co-operate with the educational forces which are trying to secure the services of Professor S. H. Clark of the Chicago university for a series of lectures. The distinguished educator is to pass through the city on his way to the coast in February, and the plan is to have the lectures delivered at that time. Professor Clark occupies the chair of oratory in his university and is one of the foremost men of the country in his special line.

Woman's Club.

At the meeting of the Woman's club last Tuesday afternoon Mrs. H. V. Kimball gave a very comprehensive paper on "Louis XI, Charles VIII and Louis XII." The wars in Italy were covered and the whole period from 1461 to 1515. The next meeting will be an open one and Mrs. A. J. Johnson and Mrs. Gattrell will read original stories. All friends of the club members are invited to be present.

Club Notes.

The current events and current literature section of the Ladies' Literary club will meet next Friday at 2 o'clock at the club room. Mrs. J. M. Dart will give a talk on "The Growth of Trade Unionism," and Mrs. A. J. Gorham will give a study of Bret Harte and Frank R. Stockton.

The Daughters of the Utah Pioneers held a most enthusiastic meeting last Monday afternoon at the home of Mrs. Frank Hyde. Mrs. S. W. Sears, having obtained the requisite number of additional members, was made a captain in the order.

The Reviewers club will meet tomorrow afternoon with Mrs. John Cain. Miss Snow will give a paper on "Acropolis Discoveries," and Mrs. C. B. Blakeley of the P. E. O. society will give a talk on "The Grand Canyon of the Colorado."

The tourist section of the Ladies' Literary club will meet Tuesday afternoon at half past 2 o'clock. Mr. Leon will give an interesting talk on "Bohemia—Prague," and all club members and their friends are invited to be present.

The Shakespeare section of the Ladies' Literary club will meet Wednesday morning at 10 o'clock at the club house. They will continue the reading of "Henry V." with Mrs. White as leader.

The P. E. O. society has changed its time of meeting from Saturday to Tuesday and will meet Tuesday afternoon at 3:30 with Miss Ruth Palmer, 659 East Brigham street.

The Parliamentary club held the regular meeting last Monday afternoon at the home of Mrs. Farabee. The Ladies' Literary club and enjoyed a drill on special motions.

The Woman's Republican club will meet tomorrow afternoon at the home of Mrs. Joseph Young, 349 East First South street.

The German section of the Ladies' Literary club will meet Thursday at 10 o'clock at the club house.

The Readers' club met last Monday afternoon in the office of the Woman's Exponent.

The College club will meet Thursday evening with Miss Love at Ford's hotel. The members will please note the change of hour.

holidays happen on Thursday. The organization will give a dance the 20th of December, when the first prize competitive drill will be held.

A medal is in course of construction which will soon be offered the troop for competitive drill. The trophy will be presented by the officers of the organization and is to cost about \$15.

The signal corps and hospital corps held no drill last Thursday evening on account of a conflict with turkey and pudding.

Lieutenant Greenwood of company H has forwarded his resignation as an officer of the guard, on account of accepting a position in Boise, Ida. For the first time he will leave at once. Lieutenant Greenwood has been connected with company H ever since the organization was mustered into the service of the state, and by his resignation the guard loses one of its most popular officers.

The indications are that there will soon be a vacancy in the commissioned force of troop A, and already a number of candidates have made themselves known. The troopers at present have the most supporters are Sergeants Caine and Smith.

At its annual inspection last Thursday night company H acquitted itself very favorably. On account of an excellent attendance Colonel Lund has a long list to inspect. The inspection lasted until 11 o'clock, when all concerned were very glad to let military matters drop.

A very neat surprise was given on Sergeant Burkhardt at the armory last Tuesday night. About twenty of the troop's friends gathered in his quarters and presented him with a late hour.

John H. Welch increased the signal corps roster one notch last week.

The new guard regulations are still receiving attention at headquarters. The proof recently came from the press and now awaits the perusal of the brigadier general.

Trooper Woolley was brought before the summary court last Wednesday evening for non-attendance of drill. Sentence was suspended pending the trooper's future good conduct.

The Toy Store Ready in Basement

More toys than we've ever had. The whole basement turned into a store for them. Such a fairland—happy land—as the children will find! Old Santa Claus never originated more wonderful things, or so many; he must have known there were more good children in the world than ever before and so best himself about making for each and every one. Mechanical and instructive things to set little minds to work in thoughtful ways, playful, funny devices to make eyes snap and sparkle, more animals than Noah ever knew, with dolls of every race and color. Nothing missing that any parent might wish a child to have. The Walker Store is the place for toys. Come tomorrow until Christmas.

Farther Down Go the Prices on

Entire Stock of Dress Goods

This stock has considerable shrinking to do yet in order to come within right proportion the lateness of season demands. What an advantage for you, though, that it is as large and varied.
